MAUI RACE PROGRAM WITH \$1350 IN PRIZES

Wailuku, April 11.—The annual meeting of the Maui Racing Association was held in the Wailuku court house last Tuesday evening. There was a fair attendance of local sportsmen and the proceedings were quite lively. The minutes of the previous meetings were read by Secretary D. L. Meyer and approved, as also the report of Treasurer J. L. Coke, showing receipts of \$1,721.87 and expenditures of \$1,665.75, leaving a cash balance of \$56.12.

G. L. Keeney and J. H. Painter were admitted as members of the association. The election of officers resulted as follows: G. B. Robertson, president; J. J. Walsh of Kahului, vice president; W. T. Robinson, treasurer; while D. L. Meyer was re-elected secretary. The executive committee consists now of the following: Messrs. Jas. Kirkland, Jas. N. K. Keola, and Geo. L. Keeney, or the three "K's" as they will be hereafter known in sporting circles. The executive with the officers as ex officio members will soon get up a program for the coming Fourth of July races subject to the approval of the meeting to be held next month. The committee was authorized to get up a program of events for \$1,350, which the meeting considered was sufficient inducement for Honolulu horsemen to bring here a string of flyers to compete with Maui horses. The race meet last August 12th at Kahului was very successful and this year's races will be made to equal it, if not excel it in some instances. Several old standbys of the association send notices of their withdrawal, among whom being Hon. A. N. Kopoika, who served as president last year.

DEATH OF MISS CORNEY.

Miss Sarah Francis Corney, an old Kamaaina, died at 12 noon yesterday at her home, corner of King street and Cottage Grove, where she had resided for some time past with her sister, Mrs. Dudoit. The lady had been in poor health for the past two or three years and during the last few months her condition was particularly bad. She passed away very peacefully, a few of her old friends being present about the bedside.

Miss Corney was born in London, England, February 26, 1826, and was therefore in her seventy-eighth year. She came to Honolulu when but a young girl and had resided here ever since. She was for many years principal of Pohukaina school and she was a member of the Episcopal church. The funeral takes place from St. Andrew's Cathedral at 4 p. m. today.

WET MAUI WEATHER.

Wailuku, April 11.—The weather has been quite showery and cold this week, especially the latter part. The low stream has risen, but not to such an extent as to endanger either life or property. It is feared that the church people will encounter wet weather to-morrow.

RETRIED UNDER ELKINS LAW.

Washington, March 10.—The United States Supreme Court rendered its opinion in an interstate commerce case in which the Elkins Act, passed at the last session of Congress, was dealt with. The case was that of the Missouri Pacific vs. the United States, involving a question of discrimination on the part of the railroad company as between places. It was brought at the instance of the Interstate Commerce Commission, but without any previous proceedings on the part of the Commission.

The railroad filed a demurrer to the bill challenging the regularity of the proceedings, but the Circuit Court and the Circuit Court of Appeals for the Eighth Circuit held the proceedings to be regular and decided the case in favor of the contention of the United States. These decisions were reversed by today's opinion, which was delivered by Justice White. He said by the terms of the old law under which the case was tried, the proceeding would not have been regular, but under the Elkins law it would have been. The Court therefore reversed and sent the case back for a new trial under the Elkins Act.

The fastest bicycle record is that of an American, who made a mile in a minute in the section of a railway train, planks having been laid upon to furnish a track. Now a Frenchman has made fifty miles in an hour's riding behind a motor pacing machine having a wind shield.

FIRST YACHT CRUISE OF THIS SEASON

The first cruise of the Hawaii Yacht Club on Saturday and Sunday was enjoyed by a good number of yachtsmen who made the most of the splendid weather that prevailed. The Dewey, Abbie M., Skip and Myrtle left the harbor early Saturday afternoon and made a quick run to Paialoa. About 6 o'clock these boats were joined by Commodore Macfarlane's La Paloma and all hands adjourned to the club house, where a first class chowder was served to about fifty club members and guests.

Sunday morning the boats sailed up the lochs and anchored off the Macfarlane residence. Club members repaired to the pavilion where the program for the season was discussed and plans laid for social and yachting events. Early in the forenoon Hobron's Gladys and Whitney's Helene joined the fleet. No regular race was scheduled for the day, but with such a splendid racing breeze, the yachtsmen could not resist the temptation for a friendly contest around the Ford Island course.

The Abbie M. and Marla started about 12:30. The Abbie M. had not cleared the Peninsula when she carried away a bobstay, and was forced to drop out and tie up to the wharf. At 1 o'clock the Helene, La Paloma and Gladys got a good start. The stiff breeze necessitated the La Paloma and Gladys carrying reefs. It was just the weather for the Helene, which carried her full cruising outfit. The big boats kept pretty well bunched throughout the course. The Helene took a lead on the second tack and held it to the line, followed by the La Paloma and Gladys. After the race the La Paloma escorted the boats as far as Paialoa on their way home. The Dewey, Skip and Myrtle did not participate in the race on account of heavy weather. On the run home the Helene held her lead over the Gladys till shortly before entering the harbor, when Hobron shook out his reef and came home leading by a good margin.

BUSINESS MEN AND TELEPHONE

The joint committee of the Chamber of Commerce and Merchants' Association has reported as follows, this report being read at a meeting of the latter organization on Saturday:

"Your committee, after carefully questioning the experts, have arrived at the following conclusions, viz: "First—The company have neglected to cable wire as far as possible within the following districts, viz: King, Alakea, Hotel, Merchant and Queen streets.

"Second—That there are a number of dead cables and dead wires on many of the streets and wires so crowded on cross-arms and distance between some poles so great as to make it impossible to maintain any kind of a satisfactory service.

"Third—Glass insulators should be used instead of porcelain knobs on cross-arms, which are in a bad condition.

"Fourth—That the King street cable is in a very bad condition, and has been so for a long time, is borne out by the statement of the Superintendent that seventy-five per cent of the wires in said cable are out of use, and will account for complaints of many subscribers.

"Fifth—Outside force insufficient to expedite the work of repairing and renovating.

"Sixth—Apparent ignorance on the part of the company of what are dead and what are live cables, entering the tower, as well as what are dead and what are live wires on the poles.

"Seventh—The necessity for more and better operators. From the general testimony of the experts, your committee are satisfied that the cables and wires of the Mutual Telephone Company, with few exceptions, are in a very bad condition, and unless immediately vigorous steps are taken to correct these conditions, we cannot look for any improvement in the telephone service."

In addition to this, Mr. Macfarlane of the Merchants' Association, read the letter of J. O. Carter, president of the Mutual Co.

The report was also read before the Chamber of Commerce and accepted. On motion of Mr. Lowry, the secretary was instructed to notify the President of the Senate and the Speaker of the House that the Chamber of Commerce favored the adoption of the bill to grant a franchise to the Standard Co. The same motion was carried in the Merchants' Association meeting but was afterwards reconsidered and time for action set for Tuesday, the Mutual Telephone Co. to be ready with its defense at 10 o'clock, and the meeting to be held at 3.

THE BRIDE'S DREAM.

A Honolulu bride has written to her friend as follows:

Dear Elsie:—In your last letter you wanted to know where we spent the honeymoon and whether we went to the coast? No indeed we never left the Islands. We went to Hilo for a few days and had a lovely time, but I was glad to get back to dear old Honolulu. We have had the cottage all fixed up and you wouldn't know it. You remember that southeast room, where the sun poured in all day; you know we called it the oven on account of it being so hot, well you should see it. It's simply a dream and too lovely for anything, so cool and restful. The ceiling is done in a cloud effect, and the walls papered with the cutest blue and silver paper you ever saw, and a dodo of darker blue burlap with a conventional design picked out in silver. When we went away we just left the cottage in the hands of Messrs. Sharp & Wise, the painters. Harold calls them the Wizards of the Paint Brush, and their charges are so reasonable too. Mother has just called, so I'll post this and write you later on and tell you all the news.

Your dear friend,
MRS. HAROLD DELMA.
